Practical 11: Compare AI vs Human Writing

Aim

To compare AI-generated content with student-created content.

Objectives
•   To identify difference in writing
•   To understand AI limitations

Materials Required
•   AI tool

Procedure

1. Write paragraph manually – Compose a paragraph yourself using your own ideas, wording, and structure on the selected topic.

2. Generate same topic using AI – Use an AI tool to produce another paragraph on the same topic for comparison.

3. Create comparison table – Organize both paragraphs side-by-side in a table to compare style, clarity, tone, and content differences.

Feature	Human-Written Paragraph	AI-Generated Paragraph
Style	Simple, personal, straightforward	More polished and structured
Tone	Informal and relatable	Formal and academic
Clarity	Clear but basic explanations	Clear with more detailed phrasing
Content	Focuses on everyday usefulness	Highlights broader digital skills and adaptation
Limitations	May lack depth or advanced vocabulary	May sound generic or overly formal
